

# 1. [aws.amazon.com](https://aws.amazon.com) 접속

The screenshot shows the AWS Korea homepage. At the top, there is a navigation bar with a menu icon, the Amazon Web Services logo, and links for '문의처' (Contact Us), '제품' (Products), '솔루션' (Solutions), '요금' (Pricing), '소프트웨어' (Software), and '더 보기' (More). On the right, there are links for '한국어' (Korean), '내 계정' (My Account), and a yellow button '무료 계정 생성하기' (Create Free Account).

The main banner features a blue background with the text 'Amazon EC2, S3 등 사용 1년 동안 무료' (Free for 1 year of use of Amazon EC2, S3, etc.) and 'AWS 프리 티어에 대해 자세히 알아보기' (Learn more about AWS Free Tier). A central illustration shows a blue boat carrying server racks and a database cylinder. To the right, a white box highlights the '무료로 AWS 시작하기' (Start AWS for free) offer, including a '무료 계정 생성' (Create free account) button and details for 'Amazon S3' (5GB storage, 20,000 GET requests, 2,000 PUT requests) with a link to 'AWS 프리 티어 세부 정보 보기' (View AWS Free Tier details).

Below the banner are four white boxes with icons and text:

- 시작하기** (Get started): Icon of a document and gear. Text: '몇 분 내에 AWS 사용을 시작하는 방법 알아 보기' (Learn how to get started with AWS in a few minutes).
- AWS 코리아 행사 및 웨비나** (AWS Korea events and webinars): Icon of a person, calendar, and video camera. Text: '한국에서 열리는 다양한 클라우드 행사들을 살펴보세요.' (Explore various cloud events held in Korea).
- AWS 프리 티어** (AWS Free Tier): Icon of a boat. Text: 'AWS 제품을 12개월 동안 직접 체험해 보세요.' (Experience AWS products directly for 12 months).
- CONTACT US**: Icon of a speech bubble. Text: '여기를 눌러 AWS 코리아 직원과 상담하실 수 있습니다' (Click here to consult with AWS Korea staff).

The central section is titled 'AWS 제품 살펴보기' (Browse AWS products) in orange. Below it are five icons with labels: '컴퓨팅' (Computing), '스토리지' (Storage), '데이터베이스' (Database), '마이그레이션' (Migration), and '네트워킹 및 콘텐츠 전송' (Networking and Content Delivery).

## 2. AWS 계정 로그인

# 3. 'Direct Connect' 클릭

The screenshot shows the AWS Management Console interface. At the top, there are navigation elements: 'Services' (with a dropdown arrow), 'Resource Groups' (with a dropdown arrow and a star icon), a notification bell, and regional settings for 'Seoul' and 'Support'. The main content area is titled 'AWS services' and features a search bar with the placeholder text 'Find a service by name (for example, EC2, S3, Elastic Beanstalk)'. Below the search bar, the services are organized into categories:

- Compute:** EC2, EC2 Container Service, Lightsail, Elastic Beanstalk, Lambda, Batch
- Storage:** S3, EFS, Glacier, Storage Gateway
- Database:** RDS, DynamoDB, ElastiCache, Redshift
- Networking & Content Delivery:** VPC, CloudFront, **Direct Connect** (highlighted), Route 53
- Migration:** Application Discovery Service
- Developer Tools:** CodeCommit, CodeBuild, CodeDeploy, CodePipeline, X-Ray
- Management Tools:** CloudWatch, CloudFormation, CloudTrail, Config, OpsWorks, Service Catalog, Trusted Advisor, Managed Services
- Security, Identity & Compliance:** IAM, Inspector, Certificate Manager, Directory Service, WAF & Shield, Compliance Reports
- Analytics:** Athena, EMR, CloudSearch
- Internet of Things:** AWS IoT
- Game Development:** Amazon GameLift
- Mobile Services:** Mobile Hub, Cognito, Device Farm, Mobile Analytics, Pinpoint
- Application Services:** Step Functions, SWF, API Gateway, Elastic Transcoder
- Messaging:** Simple Queue Service, Simple Notification Service, SES
- Business Productivity:** WorkDocs, WorkMail, Amazon Chime

On the right side of the console, there are three sections:

- Featured next steps:** Includes 'Manage your costs' (with a 'Start now' link) and 'Get best practices' (with a 'Start now' link).
- What's new?:** Includes 'Announcing AWS Batch' and 'Announcing Amazon Lightsail', both with 'Learn more' links.
- AWS Marketplace:** A section for discovering, procuring, and deploying software products.
- Have feedback?:** A link to 'Submit feedback'.

### 3. 'Create Connection' 클릭

The screenshot displays the AWS Direct Connect console interface. At the top, there are navigation tabs for 'Services' and 'Resource Groups', along with a search icon and a star icon. On the right side of the top bar, there are links for 'Seoul' and 'Support'. The left sidebar contains a navigation menu with 'Direct Connect Home' at the top, followed by 'Connections' (highlighted in yellow), 'Virtual Interfaces', and 'LAGs'. An orange arrow points from the 'Connections' menu item to the 'Create Connection' button. The main content area features a 'Create Connection' button (highlighted with a blue border) and an 'Actions' dropdown menu. Below this is a search filter: 'Filter: Search for a Connection' with a search icon and a close button. To the right of the filter, it says 'No Connections' with a toggle switch. Below the filter is a table header with columns: 'Provided By', 'Name', 'Location', 'Bandwidth', '# VIs', and 'State'. The table body is currently empty. At the bottom of the page, there is a footer with 'Feedback', 'English', and copyright information: '© 2008 - 2017, Amazon Web Services, Inc. or its affiliates. All rights reserved.' along with links for 'Privacy Policy' and 'Terms of Use'.

# 4. 'Connection Name'과 'Port Speed' 선택

Services Resource Groups Seoul Support

Direct Connect Home  
Connections  
Virtual Interfaces  
LAGs

## Create a Connection

You are currently operating in Asia Pacific (Seoul). Use the region selector to change to another AWS region.

To begin, name your new Connection, select the AWS Direct Connect location in this region where you would like to connect, and the port speed you are requesting. If these choices don't fit your use case, for other options to connect you can [contact one of our partners](#).

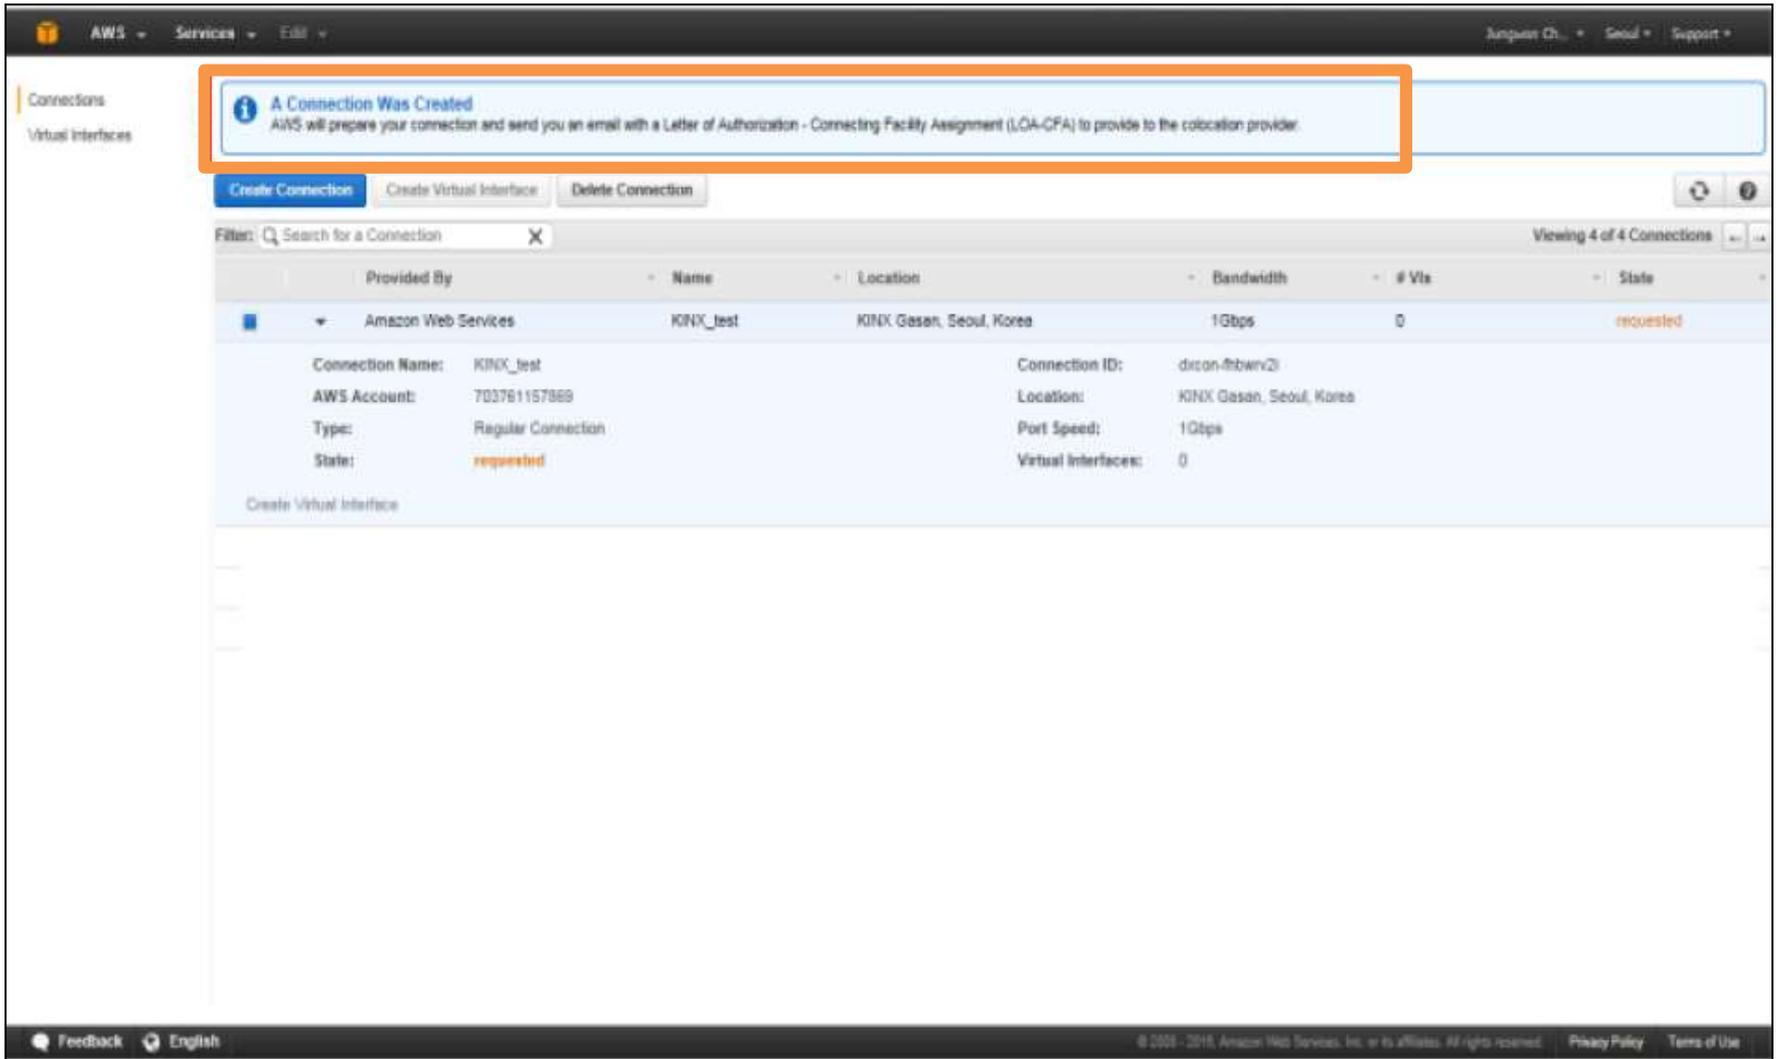

Please note that port-hours are billed once the connection between the AWS router and your router is established, or 90 days after you ordered the port, whichever comes first. For more information, please [see our FAQ](#).

Connection Name  ⓘ  
Location  ⓘ  
Port Speed  1Gbps  10Gbps ⓘ

# 5. 'ADC' 신청 완료

The screenshot displays the AWS Management Console interface for the 'Connections' section. A notification banner at the top states: "A Connection Was Created. AWS will prepare your connection and send you an email with a Letter of Authorization - Connecting Facility Assignment (LOA-CFA) to provide to the collocation provider." Below the notification, there are buttons for "Create Connection", "Create Virtual Interface", and "Delete Connection". A search filter is present above a table of connections. The table shows one connection with the following details:

Provided By	Name	Location	Bandwidth	# VIs	State
Amazon Web Services	KINX_test	KINX Gasan, Seoul, Korea	1Gbps	0	requested

Below the table, a detailed view of the selected connection is shown:

- Connection Name: KINX\_test
- AWS Account: 703761157869
- Type: Regular Connection
- State: requested
- Connection ID: dixon-ibwrv2l
- Location: KINX Gasan, Seoul, Korea
- Port Speed: 1Gbps
- Virtual Interfaces: 0

At the bottom of the console, there are links for "Feedback", "English", and "Create Virtual Interface". The footer contains copyright information: "© 2008 - 2018 Amazon Web Services, Inc. or its affiliates. All rights reserved. Privacy Policy Terms of Use".

7. KINX에서 고객의 신청사항 확인 및 ADC 연결 시작
8. KINX에서 물리적 회선 연결 완료 (72시간 內)

Letter of Authorization and Connecting Facility Assignment	
<b>Issue Date</b> January 15, 2016	<b>Requested By</b> KINX
<b>Issued By*</b> Amazon Corporate Services Korea, LLC	<b>Issued To</b> KINX
<b>Facility - Meet Me Room</b> KINX LG CNS - 3F	<b>Connection ID</b> dxcon-fh6syoo6
<b>Customer Demarkation/Z-Side</b> Rack: R07 Patch Panel: FDF2 Strands: 15	<b>Optic and Connector Types</b> 10GBASE-LR Lucent Connector (LC)

Please consider this letter as notification for connecting facility assignment for the purpose of establishing or augmenting connectivity between the parties identified above. This document authorizes a connection to the ports indicated above. All charges for the physical connection are the sole responsibility of KINX.

# 9. ADC 연결 완료 및 서비스 이용

The screenshot displays the AWS Management Console interface for the 'Connections' section. A notification banner at the top states: 'A Connection Was Created. AWS will prepare your connection and send you an email with a Letter of Authorization - Connecting Facility Assignment (LOA-CFA) to provide to the colocation provider.' Below the notification, there are three buttons: 'Create Connection', 'Create Virtual Interface', and 'Delete Connection'. A search bar is present with the text 'Filter: Search for a Connection'. The main content area shows a table with one connection entry:

Provided By	Name	Location	Bandwidth	# Vifs	State
Amazon Web Services	KINX_test	KINX Gasan, Seoul, Korea	1Gbps	0	requested

Below the table, a detailed view of the selected connection is shown:

- Connection Name: KINX\_test
- Connection ID: @con-ftbwr2l
- AWS Account: 703761157568
- Location: KINX Gasan, Seoul, Korea
- Type: Regular Connection
- Port Speed: 1Gbps
- State: requested
- Virtual Interfaces: 0

A 'Create Virtual Interface' button is located at the bottom of this detailed view. The footer of the console includes 'Feedback', 'English', and copyright information for Amazon Web Services, Inc. © 2009 - 2015.
